MUDRUN TESTIMONY FROM UGANDA

The Mud Run Fund is not only helping the sick, it is also helping some needs in the community. In Karabato area, the Sunday school location had a challenge with water problems and they were sharing water with animals, which was sad. With the help of Mud Run funds through Teen Missions, this community is now having clean water as you can see the pictures being attached to God be the glory. The village chief testified that government promised many times to help the community but they were not fulfilling the promises. Now to Teen Missions we are so thankful. We experienced so many illnesses due to the water we were drinking, but today through Teen Missions we are considered as human beings. Thank you and God bless Teen Missions.
