MUDRUN TESTIMONY FROM MADAGASCAR

This woman is from circuit number 3. Her daughter is one of our Sunday school students. This problem started some 4 years ago. She is in pain. She has tried to use traditional medicine, but nothing has helped. When we

visited this place my wife led her to Christ, and she is fellowshiping with a church.

First we would like to thank all the Mud Run support funds for helping. May our God who is in heaven bless you for the support to all the entire Teen Missions at large. Thank You also for the prayers you have been praying for this lady, even if the families have abandoned her, but you were there to intercede for her, to God be the glory. We sent the woman to the hospital for surgery of the tumor in Tana. The surgery was successful of which it was a huge surgery. Due to the huge tumor some of her teeth were removed together with tumor. They came back to the base from the hospital and continued for some reviews. All the reviews are done and we have now decided to let her go back to the village and encourage her and her daughter to continue having a good relationship with God. The lady she is not able to speak well and all she said was thank you and she was in tears as she was saying this.

We believe she will testify the goodness of God if she can speak well. Thank you for making a difference in this woman's life.
