OUTSTANDING EXPERIENCE, SUCCESS STORIES

Kasama, Zambia Boot Camp

Yesterday 2nd December as we were picking up the leaders at our picking point, we found 2 mothers who have accompanied their sons who are coming for leader's seminar. Despite their sons being over 18 years the mothers came with them to make sure that we pick them up. After we greeted them, they looked very happy seeing their son finally being picked up for the training. These mothers have desired to have their sons attend the Boot Camp training. They have been visiting the mother of Jacob M. who is our student to ask her the kind of prayer she prayed for her son to have his life transformed that he is able to stand in church and preach the word of God. This is a boy they have known for years with

a bad character with a lost hope of changing. But through Teen Missions teachings that this boy received in Boot Camp in 2022, his life has made a 360 degrees change. The mother to Jacob told them that it is not me or my prayers, but it's Teen Missions that God used to change my son. So these mothers too have brought their sons so that they too can meet God in Boot Camp and change them too. These mothers asked to follow us to the base so that they can know the place where the transforming work of God is taking place. We agreed to transport them to the base and their excitement grew higher after they saw the place and the buildings that Teen Missions has put up. They interacted with our students and asked those questions about BMW and they were happy about the information they received from them students about the kind of training that BMW offers to young people.
